KANG YI DIES IN DISGRACE

MINISTER WU MAKES INTERESTING REPORT.

Washington, Oct. 26.—The Chinese minister has received a dispatch stating that Kang Yi, a member of the cabinet with Yung Lu and one of the intense anti-foreign leaders, whose punishment was demanded by the powers, died of illness on the 18th inst.; also that Yu Hsien, the late governor of Shansi, who is said to have been responsible for the death of many missionaries, has committed suicide by swallowing gold leaf. Minister Wu regards this act as the result of the disfavor which the high officials have received from the throne.

The death of Kang Yi is an important event, as he was one of the ringleaders whose punishment was demanded by the powers. He held the position of assistant grand secretary and president of the civil board, and also was one of the six Chinese statesmen making up the privy council, or cabinet, which is the body nearest the throne. Following the demands of the powers for his punishment, an edict was issued handing him over to the board of censors to consult and decide upon a penalty for his misdoing. The same edict ordered the punishment of Prince Tuan, but it was thought that the Tuan influence would secure leniency for Kang Yi and others. Today's dispatch shows, however, that Kang Yi himself recognized that there was no hope of imperial favor. Although the dispatch to Minister Wu says only that Kang Yi "died" on the 18th instant, it is thought that this "death" was the natural result of the disgrace which has overtaken the anti-foreign and boxer element.

Governor Yu's method of suicide, by swallowing gold leaf, is peculiar in China. It is a means by which high personages take their life, the gold leaf being representative of their high station. The leaf forms a ball in the canals of the body, and brings death from suffocation.

Minister Wu's advices today also show that Prince Tuan has been visited with severe censure from the throne and to such an extent that it would be no surprise if he followed the course of Kang Yi and Yu. He has been prevented from accompanying the imperial court to Singan-Fu, and remains at Shansi, cut off from further influence on the throne. It is expected that he will be banished, which, to a prince of the blood, is worse than decapitation, and under the Chinese idea of propriety, suicide is likely to be his end. Minister Wu laid his dispatches before Secretary Hay.

ALLIES AT PAO-TING-FU.

Tien Tsin, Oct. 25, via Shanghai, Oct. 26.—A runner who left Pao-Ting-Fu Oct 23 and arived here today, reports that the allies are encamped there, the British contingent being outside the walls of the city. The situation is unchanged. Looting is forbidden and all supplies used by the allies are purchased.

The Green family of missionaries are safe, except a three-year-old girl, who died Oct. 10. Mr. Green is seriously ill.

DECREE OF PUNISHMENT.

Paris, Oct. 26.—According to a dispatch from Pekin, dated Oct. 24, to the Havas agency, Prince Ching and Li Hung Chang have communicated to the legations the imperial decree in accordance with which the princes and ministers responsible for the recent troubles in China are to be punished, according to their respective degrees of culpability.

The emperor recognizes the fact that General Tung-fuh-Siang has committed serious offenses, and he charges Prince Ching and Li Hung Chang to fix the penalties to be imposed on those for whom the Europeans demand punishment.

The degree states that Chinese plenipotentiaries have already inflicted punishment upon some princes. These plenipotentiaries assure the emperor of the death of Kang-Yi. Prince Tuan and Prince Tchouang are not with the court.

These communications are not satisfactory to the legations.

MARRIED IN THRONE ROOM.

San Juan De Porto Rico, Oct. 26.—The marriage of Lieut. George W. Logan, U. S. N., aide-de-camp to Governor Allen, to Miss Bertha Allen, daughter of the governor, took place at 8:30 o'clock yesterday evening in the throne room of the palace here, which was magnificently decorated with royal palms, potted plants and pink flowers, pink being the prevailing color. Chaplain Brown, U. S. A., officiated. The ceremony was conducted under palms and with shaded lights. The bride advanced on the arm of her father. Her sister, Mrs. A. F. Hobbs, was the matron, and Miss Shedd, of Dowell, Mass., was the bridesmaid. Paymaster Brown was the best man. About 200 guests were present.

CHARLES M. HAYS THE MAN

IS APPOINTED PRESIDENT OF SOUTHERN PACIFIC.

The News is Well Confirmed—He Was Formerly General Manager of Wabash System.

New York, Oct. 26.—The Evening Post says:

The selection of Charles M. Hays, general manager of the Grand Trunk railroad, as president of the Southern Pacific was confirmed today by the highest Southern Pacific authority. His appointment will be acted upon by the board next week.

He is already unanimously agreed to, however, and the directors consider that they have been fortunate in securing the best possible railroad man for the presidency.

Mr. Hays will reside in San Francisco and will have complete charge of the operations of the railroad, with Mr. C. H. Tweed as chairman, in New York. It was stated today by a director that there will be no friction in the management over Mr. Hays' appointment, and that he will have the cordial support of the whole board in his plans for developing the Southern Pacific. It is believed that more modern methods of railroading will largely increase its net earning ability.

Mr. Hays was vice president and general manager of the Wabash five years ago, leaving that road to take the management of the Grand Trunk. During his administration of Wabash affairs he made frequent trips over the line, visiting in person all the important cities and towns and became acquainted with many of the leading citizens. Shortly after Mr. Hays took charge of the Grand Trunk, he called to his assistance Frank W. Morse, of this city, and made him superintendent of motive power of the whole Grand Trunk system. Mr. Morse still occupies that office. It is quite probable, however, that he will follow Mr. Hays to the Southern Pacific.

A CONFERENCE AT ST. LOUIS

CHARLES W. ORR AND B. F. HARPER WERE THERE.

Talked to Leading Wabash Officials Concerning the Fort Wayne and Butler Line.

President C. W. Orr and Attorney B. F. Harper, counsel for the Fort Wayne and Butler Railroad company, returned this morning from St. Louis, where they held a protracted conference yesterday with the head officials of the Wabash railroad.

They made the trip in accordance with the decision of the directors at a meeting held this week, and it is known that their mission had to do with details of vital importance in connection with the proposed Wabash connecting line between this city and Butler. Beyond stating that the results of the trip were entirely satisfactory, Mr. Orr and Mr. Harper decline at present to talk for publication, though they admit that an important announcement is expected within a few days. The whole situation was gone over carefully with Vice President Ramsey, Mr. Lincoln and the Wabash counsel. They are vitally interested in the proposed line from this city to Butler, and it is believed the city will be pleased with the position of the Wabash when it is definitely announced.

BRYAN IN JERSEY.

DEMOCRATIC NOMINEE TOURS TRUST STATE.

RECEPPTION MOST CORDIAL

BEGINS THE DAY WITH TALK IN HOBOKEN.

MANY CITIES ARE VISITED

WARM GREETNGS FROM BOYS OF OLD NASSAU.

New York, Oct. 26.—The second day of Mr. Bryan's campaign tour of New Jersey began in Hoboken today with a meeting in the Lyric theater, at which the presidential candidate addressed all the people who could crowd into the building. The speech was announced for 8:30 o'clock, but it was almost half an hour later before Mr. Bryan arrived. When he stepped upon the platform he appeared somewhat fatigued, as the result of his arduous labors yesterday, but as his speech progressed he soon regained his wonted vivacity. He said he believed that when democratic principles as now presented were understood they would be received as favorably in the east as in the west. He then contrasted his reception in New Jersey at this time with the reception of 1896 and in this connection he said:

"I am glad to have an opportunity to defend our cause here, for I feel confident that the policies for which the democratic party stands will appeal to the American people when those principles are fully understood, and it has been gratifying to note the change that has taken place in the last four years. It is gratifying to find a much more cordial reception to our platform now than we found when, four years ago, I had occasion to visit these parts. I said then, in leaving home for New York, that I was going into the enemy's country. This year those who left us in 1896 have largely returned, and they have brought with them a large contingent from the republican party. I did not complain when men left us in 1896, for I have always contended that a man's vote was his own and that he had a right to do with it as he pleased; and I never doubted but that the great mass of those who left us in 1896 left us because they honestly thought that my election would be harmful to the country. I cannot despise the man who places his country above his party, even though I may be the loser by his act. But the principle which runs through republican policies has become apparent on these later questions which have arisen. I contended in 1896 that the republican party was giving too much consideration to wealth and too little to human rights; but since 1896 the republican party has shown its disregard of human rights in ways that we did not dream of then."

Proceeding, the speaker denounced the trusts as "industrial despots," and declared that the republican party was fostering them. He did not believe there could be a good monopoly in private hands until God sends angels to take charge of them; "and," he added, "from our experience, we are inclined to think that the angels now in charge came not from above but from below."

"Some one has said," Mr. Bryan continued, "that he did not object to the bedbug so much, but that he did object to the way he made a living. So we object to the trusts." The comparison caused a roar of laughter and loud applause.

Mr. Bryan took strong ground on the question of large army. He said that this country was less liable to dissension than any other, on account of the character of the population. Instead of finding a menace in the presence of foreign born citizens in the United States, Mr. Bryan said that these were really a safeguard, because, knowing the evils of monarchial systems, they knew how to avoid them and appreciated why they should do so. He predicted that if the recent increase of the army to 100,000 men was endorsed by voting the republican ticket next November there would continue to be increases until the armed force would be sufficient to completely awe the people.

Taking up the question of the Philippines, Mr. Bryan gave what he said was a republican speech in support of the republican policy. This presentation was as follows:

"We are very sorry we got the Philippine Islands; we did not intend to get them, but they were thrown into our lap, and it is our duty to keep them. God commands it, and it will pay."

Mr. Bryan then related the Biblical story of Naboth's vineyard and said:

"I wish that on the Sunday before election every preacher in the United States would take as his text that story of Naboth's vineyard, and I will tell you how they would treat it. Every opponent of imperialism would condemn Ahab for wanting the vineyard, and every imperialistic preacher would condemn Naboth for not letting Ahab have it."

CLAMORED FOR A SPEECH.

Orange, N. J., Oct. 26.—Mr. Bryan made a second speech in Hoboken before leaving for other parts of the state. The crowd which followed him from the theater where he first spoke, to the railroad station was large and called clamorously for a speech, and Mr. Bryan made a brief address from the rear platform of his car. The speech was on general lines. The first stop out of Hoboken was at the town of Harrison, where Mr. Bryan talked for about ten minutes. In connection with his discussion of the army question, he refered to the presence of a number of boys in the crowd, saying:

"I see in the rear of this crowd children with their flags. I have hope for the child who is mentally developed, who is taught to respect the rights of citizenship and protect his own rights and to give others equal rights. I want us to spend our money developing the minds and the hearts of our people, not in sending an army 7,000 miles away from home to destroy the love of liberty in the hearts of other people. I do not want the little boys growing up in this land to have no higher ambition than to furnish targets for bullets. If God had intended that a man should be a target he would have made him out of wood or iron; he would not have made him of flesh and blood."

Closing his Harrison speech Mr.

Acting Assistant Surgeon Bath and civilian teamster captured early in the fight were released by Villamor. HER HEART GONE

AND SHE WANTS SENATOR SULLIVAN TO PAY FOR IT.

A BREACH OF PROMISE SUIT

MAI LUCY LEETON ASKS FOR $50,000 DAMAGES.

RESEMBLES POLLARD CASE

A UNITED STATES SENATOR IN EMBARRASSMENT.

Washington, Oct. 26.—A suit for $50,000 damages for breach of promise against United States Senator William V. Sullivan, of Mississippi, was filed in the District of Columbia supreme court this afternoon by Mai Lucy Leeton, of Oxford, Miss. The plaintiff in her affidavit alleges that she, "an unmarried woman, at the request of the defendant, undertook and promised to marry him and the defendant undertook and promised to marry the plaintiff, which he, without cause or right, has refused to do. The plaintiff claims that she met Senator Sullivan about October 7, 1895, in his law office at Oxford, he being employed to defend her brother-in-law. She claims that he made protestations of affection for her "and began by wiles and artifices to induce the plaintiff to accompany him on a journey to Chattanooga, Tenn." Plaintiff claims she refused to go with him, but allowed him to correspond with her. She was at that time married, but not living with her husband. Plaintiff claims that Senator Sullivan promised to procure a divorce for her "and that he would keep her forever with him and that she should occupy as high a position as any lady in the land." About December 1, 1895, the plaintiff at the request of the defendant went with him to New Orleans.

In January, 1896, according to the affidavit filed today, the defendant placed plaintiff in Nelson's Business College at Memphis, Tenn., paying her tuition and board. In May, 1897, he secured a divorce for her.

The affidavit then alleges that May 10, of that year, plaintiff and defendant lived together in Alexandria, Va., as Mr. and Mrs. W. L. Sutton, he introducing plaintiff as his wife. Later, he placed her in the Fauquier Female Institute, in Warrenton, Va., as his neice, where she remained from January to June, 1898, the defendant writing her every day and promising her he would marry her in the summer.

During this time plaintiff claims she had an offer of marriage from a young man who lived near her home and asked the defendant to consent to break off their relations. The latter, she claims, urged that she should not marry the young man, but wait and marry him in the following summer.

The affidavit also recites that the couple lived together in Washington and that the defendant finally notified plaintiff that he was not financially able to marry her. Also that plaintiff hearing defendant was ill, in June, 1900, came to Washington to see him and found him rooming with a woman whom he had brought from Hollis Springs, Miss. She claims that the defendant offered her $1,000 to go home and not expose him before said woman. The plaintiff refused to do this and claims that the defendant abused her and left her without money, friends or means to live on.

POLICE COURT.

Mayor Scherer disposed of several cases in police court this morning. Louis Beaver, who was arrested for drunkenness, was sent to jail and an affidavit charging him with burglary is being prepared. He is charged with stealing a jug of wine. Some time ago Beaver was accused of stealing change from a savings bank in the Gocke home. Louis Brandt and William Young were fined for drunkenness, but later released on a promise to leave the city. William C. Bromley, charged with carrying concealed weapons, was ordered to leave the city. Harry Gilbert swore to an affidavit charging his bartender, Harley M. Blaine, with assault and battery.

"CHICK" STAHL AT HOME.

"Chick" Stahl returned last evening from Mt. Clemens, Mich., where he has been taking baths for eleven days along with Collins, the great Boston third baseman. For several weeks during the season Stahl was ill with malaria but he stayed in the game all the time except six or seven days. Notwithstanding his poor health the Fort Wayne boy ranks second to Joe Kelley in fielding among the outfielders and Kelley played fifty less games. "Chick's" batting was affected but he succeeded in climbing over the .300 mark. He believes there will be a boom in the game, but doesn't discuss the prospects of rival leagues.

BISHOP MUST HANG.

Frankfort, Ky., Oct. 26.—The court of appeals today affirmed the judgment of the Kenton circuit court in the case of Wallace Bishop, sentenced to be hanged for the murder of a Covington policeman. Bishop was suspected of killing a tramp at Ludlow. A policeman who attempted to arrest Bishop was killed. Bishop jumped from the Cincinnati bridge into the Ohio river, but was captured.

CHANGE AT THE NEW AVELINE

FIRM OF JONES & IVANS IS TO DISSOLVE.

Landlord Jones Will Take Full Charge of the Refurnished Hotel Next Thursday.

Next Thursday the firm of Jones & Ivans, who have successfully conducted the New Aveline hotel for nearly three years past, will be dissolved by mutual consent, and after that date Landlord W. D. Jones will be in sole charge. The partnership has been in every way harmonious and pleasant, and Mr. Ivans retired to embark in business for himself. He will for the present devote his attention to the hotel news and cigar stand, which he has purchased. His friends will be gratified to learn that he will not leave Fort Wayne.

W. D. Jones, the senior partner, is a veteran hotel man, for he has been engaged in that business forty-four years. With his son he conducts a leading hotel at Crawfordsville. Mr. and Mrs. Jones came to Fort Wayne about six years ago. Three years later Mr. Ivans, who had been employed for some years in the Pennsylvania ticket offices in this city, purchased a half interest in the New Aveline, and their joint management has been congenial and successful. Several thousands of dollars are being expended upon the New Aveline, and the interior is the acme of attractive neatness. The entire house has been repainted and redecorated with artistic effect, and now new furniture, draperies and carpets are being placed in all the rooms.

BOTH LEGS ARE OFF

H. I. YOUNG BADLY INJURED THIS MORNING.

JUMPED FROM WABASH TRAIN

STRUCK A CAR AND FELL BACK BENEATH THE WHEELS.

WAS CRUSHED AND MANGLED

HIS RECOVERY A MATTER OF GRAVE DOUBT.

H. I. Young, 21 years of age, is at St. Joseph hospital hovering between life and death as the result of a frightful accident which occurred in the Wabash railroad yards a short distance west of Calhoun street just before 6 o'clock this morning. Both of Young's legs are off and his recovery is regarded as a matter of grave doubt.

Young has been employed in this city, and boards at 431 East Washington street, but he made a trip to Huntington to visit some friends and this morning was beating his way back on Wabash passenger train No. 2, which arrives in this city at 5:50 a. m. He rode the entire distance on the vestibule steps, and as the train was passing through the railroad yards he prepared to alight before the depot was reached.

Two hundred yards west of the Calhoun street crossing Young made the leap from the train, but the momentum from the speed of the train was greater than he expected. Instead of being able to retain his equilibrium Young was thrown forward, struck against the corner of a box car standing upon a spur track, and bounded back beneath the wheels of the passing train from which he had just alighted. The accident was witnessed by several of the force of night car repairers, and it was seen that both legs of the unfortunate man were frightfully crushed.

The injured man was hurried to St. Joseph hospital in an ambulance and Dr. M. F. Porter called to attend him. Through his intense suffering Young retained consciousness and was able to tell those who picked him up his name and address. He was making his home with Mr. and Mrs. Fred Schultz, of Huntington, and will be 21 years of age on Sunday next. His parents are separated, the father living at Rochester and his mother at Logansport.

At the hospital the limbs were found so fearfully crushed and mangled that it was necessary to amputate the right leg six inches below the hip joint, and the left leg a short distance above the ankle. Young also has some painful bruises about the back, the lips and the face. The young man withstood the effects of the operation nicely, but Dr. Porter stated that it was impossible to foretell accurately the outcome of the injuries. The chances for a time are very much against the patient's recovery, though he appears to be a strong, muscular young man and may survive his terrible injuries.

FELL DOWN STAIRS.

Mrs. Thomas Sinclair was severely injured by falling down a flight of stairs at her home, 109 West DeWald street, this morning, though her injuries are not believed to be dangerous. Mrs. Sinclair is the wife of a Wabash machinist.

Fred S. Bryson, of 56 Baker street, has returned from Chicago, where he passed the examination for apprentice in the hospital corps of the United States navy. Messrs. Gilliland, poet and journalist, who comes here under the auspices of the Royal League lodge, will appear at Harmony hall Saturday (tomorrow) evening, where he will read "Finnegan to Flannigan" and other poems written by himself. GOES TO REWARD

GEORGE W. HENDERSON DIED THIS MORNING.

LONG A LEADING CITIZEN

PIONEER FARMER OF CEDAR CREEK TOWNSHIP.

FREDERICK WALLIES DEAD

OTHER DEATHS AND FUNERALS OF THE DAY.

George W. Henderson, a pioneer farmer of Cedar Creek township and for many years one of its leading citizens, died at an early hour this morning at his home near Cedarville, at the age of seventy-two years. Mr. Henderson has been in failing health for about five months, and during the past few weeks friends have realized that the end might come at any time. His illness dates from last May, when he was prostrated by heat while at work planting trees, the cultivation of which was one of the chief delights of his life.

For nearly fifty years Mr. Henderson has lived upon the identical farm where his death occurred. He was born in Ashland county, Ohio, September 22, 1827, and came with his father, Samuel Henderson, to DeKalb county, Indiana, in 1836, when but nine years of age. The boy's education was of the pioneer sort, and at the age of twenty-one he hired to his father and worked for him three years in payment for the farm of 153 acres in Allen county, where the succeeding years of his life were spent. This farm he cleared and developed by his own efforts until it became one of the very finest in the county.

Mr. Henderson was married December 28, 1851, to Magdalene Tarney, who still survives. To them were born four children, only one of whom, Mrs. K. K. Wheelock, of this city, is living. Mr. Henderson was in all respects a type of the highest citizenship. Sturdy, industrious, honorable, lofty in character, kindly and helpful in nature, his life left an impress that blessed and benefited those with whom he was associated in both social and business life. He was widely known and as widely esteemed, for his tastes were simple and unostentatious and his heart was cheery and helpful. Politically Mr. Henderson was a staunch democrat. He never held office, and though often persistently urged by his friends to permit them to bestow official preferment, he steadfastly declined the honors. Both he and Mrs. Henderson have been devout members of the M. E. church at Robinson chapel, for many years, and for more than a quarter of a century Mr. Henderson was a trustee of that church.

Funeral services are to be held Sunday morning at 10 o'clock from the Cedarville M. E. church, Rev. W. H. Daniel officiating. The interment will be at the Lee cemetery.

WALLIES.

Frederick G. Wallies, a resident of Fort Wayne for the past fifty years, died at 7 o'clock Thursday evening at his home, 124 Harrison street, at the age of 73 years. He has been in poor health for the past year, and death was due to dialgetes.

Mr. Wallies was a native of Oldenburg, Germany, a cabinet maker by trade, and for many years was in the employ of the firm of Keil & Keil, though for the past ten years he has lived a retired life, having accumulated considerable property. His wife died some years ago. Surviving are a step-son, Ernest Lange, and a step-daughter, Mrs. Christ Habel, of Hillsdale, Mich.

The funeral services will be held Sunday afternoon at 1:30 from the residence and at 2 o'clock from Emanuel's Lutheran church, Rev. Gross officiating.

FUNERAL ANNOUNCEMENTS.

Morgan.—Funeral services of Hon. O. P. Morgan will be held from the residence Saturday afternoon at 2 o'clock. The interment will be private.

Friends who wish to take a farewell look at Mr. Morgan's face may do so at the residence after 10 o'clock tomorrow.

Bartele.—Funeral services of Dr. Michael Bartele will be held Saturday morning at 8:30 from the residence, 55 Hugh street, and at 9 o'clock from St. Mary's Catholic church.

LONG RIDE IN LOCOMOBILE.

Saturday morning W. H. Peltier, Ford Urbahns, Frank Mohr and Miss Helen Mohr will start for Toledo in Mr. Peltier's locomobile with trailer. The distance to Toledo is 122 miles and the young people expect to make a record on the trip.

HUSBAND ASKS FOR DIVORCE

J. SION SMITH FILES PETITION IN COURT.

After Thirty Years of Married Life He Asks for a Legal Separation—Notes.

James Sion Smith, a well-known Fort Wayne citizen, has filed in the circuit court an application for divorce from his wife, Alice M. Smith. The complaint alleges that they were married in 1870 and separated in July, 1900, and to them were born two children, a son, aged twenty, and a daughter, Maude May, aged eighteen. The husband alleges that the wife has been cruel and inhuman in her treatment of him for years, but he bore with it because he believed it was his duty to provide for her support. Recently, however, she became the legatee of $40,000 in the will of Thomas B. Shoaff, and since that time has accused him of being a drunkard and called him a fool and a liar. She ordered him to pack his duds and leave the house. She also estranged the daughter's love, and when plaintiff chastised the daughter for some indiscretion the young woman was rebellious and disobedient. One night, it is alleged, the mother surreptitiously assisted the daughter to leave the house and for ten days the father worried about her, defendant refusing to disclose the daughter's whereabouts. Finally she was located in another state and is still there. Mr. Smith was once a water works trustee of this city.

GARRISON LOST MORE THAN HALF ITS MEN.

HANS BOTHA DOES A TURN

CAPTURES A DETACHMENT ON THE RAILROAD.

Cape Town, Oct. 26.—The Boers have captured Jacobsdal, southwest of Kimberly, after a stubborn resistance upon the part of the garrison, which consisted of a detachment of the Cape Town Highlanders. The latter suffered severely, losing thirty-four out of fifty-two men.

Hans Botha has cut off a train with a reconnoitering party of the Highlander brigade, between Heidelberg and Greylingstad, in the Transvaal colony, tearing up the rails in front and behind the train. In the fight which followed two captains and eight men were wounded and all were captured.

STEYN'S NEW CAPITAL.

Maseru, Basutoland, Oct. 26.—It is reported here that former President Steyn and the members of the executive council are at Fouriesburg, south of Bethlehem, and that he has declared Fouriesburg to be the "capital of the Orange Free state."

Mr. Steyn has ordered Keyter, a member of the late volksraad, to be tried on the charge of high treason.

KRUGER TO SOJOURN AT NICE.

Paris, Oct. 26.—Dr. Leyds, the Transvaal agent, who is in this city for a few days, was questioned by a representative of the Associated Press today with reference to the plans of Former President Kruger. He said:

"Most of the stories published on the subject are imaginative. Mr. Kruger will land at Marseilles and I shall go to meet him. But it is not true that I have seen M. Delcasse (the French minister of foreign affairs) or that I am in any way arranging a reception, which will be entirely in the hands of the French themselves. Nothing has yet been definitely decided upon as to the details of Mr. Kruger's stay in Europe. But Mr. Kruger is an old man and not accustomed to a cold climate, so it is likely he will sojourn in the neighborhood of Nice for the winter. I have no reason to believe there is any ground for the statement that Mr. Kruger intends to visit President McKinley."

STEPS TO ANNEX FLORIDA.

Montgomery, Ala., Oct. 25.—Secretary of State McDavid has taken the first steps toward annexing West Florida to Alabama. In his annual report to the government the secretary of state says that Alabama runs a mile further south on the eastern boundary than the tract books have heretofore shown and that the state is possessed of a wedge of land which his office records fail to show, running 100 miles along the southern end of the state.

INDICTED FOR FRAUDS.

Atlanta, Ga., Oct. 25.—The United States grand jury has returned thirteen indictments against former postmasters and carriers in Polk, Harrison and Paulding counties, this state, charging conspiracy to defraud the government. It is claimed by the postoffice authorities that the thirteen defendants went so far as to give away stamps in order to cancel them and sent bulky packages through the offices. It is said that a dog was sent in this way and that pieces of pine bark were stamped and mailed.

FILES A DEMURRER.

W. and E. Leonard, attorneys for the defendant in the bankruptcy action against Mary A. Walters, have filed in the United States court a demurrer to the action, setting forth that the complaint does not state facts sufficient to constitute a good cause of action. With it is a motion to require the plaintiffs to make their petition more specific.

There are said to be a large number of bequests to relatives. Myron M. Parker, of Washington, and Congressman Kerr, of Mansfield, probably will be the executors.

THE MANTLE.

The Charity of Today was by no means the Charity of Yesterday. That was clear.

"Her mantle," it was generally observed, "covers as large a multitude of sins, perhaps, but less effectually. Can it be that she has her mantles made with lace insertions now?"

Of course it could be. Nothing was immune as to the influence of the zeitgeist.—Detroit Journal.

HE HAD IT.

A bone collar stud was recently found in a Sakkarahinn sarcophagus, resembling almost exactly in appearance those sold by hawkers. Yet the man who made it has been dust and ashes thousands of years, about the time the patriarch Abraham fed his flocks on Hebron.

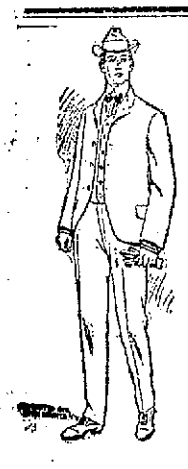
OXFORD GRAY SUITS.
SUITS ARE LIKE HORSE RACES.


Each season finds a marked favorite that takes precedence. This season for men's and young men's wear, the Oxford Gray Cheviot, while not by any means the only stylish goods, seems to be a marked favorite. It is a sensible, genteel color, Black with slight mixtures of white. We have the all wool grade from $10 to $22 in suits. Oxford Gray Overcoats from $8.50 to $25. If they're new we have them. If there a good thing we have lots of them, and we save you a little money on each suit and overcoat and give you garments that have no competition for fine tailor work in Fort Wayne.
REMEMBER—We have on the second floor a tailor shop whose tailors do nothing but press, pad and alter your garments free of charge.

When the Hair Falls Out

accompanied by mucous patches in the mouth, eruptions on the skin, sore throat, copper colored splotches, swollen glands, aching muscles and bones, the disease is making rapid headway, and far worse symptoms will follow unless the blood is promptly and effectually cleansed of this violent destructive poison.

S. S. S. is the only safe and infallible cure for this disease, the only antidote for this specific poison. It cures the worst cases thoroughly and permanently.

My Condition Could Have Been No Worse.

In the fall of 1897 I contracted Blood Poison. I tried three doctors, but their treatment did me no good; I was getting worse all the time; my hair came out, ulcers appeared in my throat and mouth, my body was almost covered with copper colored splotches and offensive sores. I suffered severely from rheumatic pains in my shoulders and arms. My condition could have been no worse; only those afflicted as I was can understand my sufferings. I had about lost all hope of ever being well again, when I decided to try S. S. S., but must confess I had little faith left in any medicine. After taking the third bottle I noticed a change in my condition. This was truly encouraging, and I determined to give S. S. S. a thorough trial. From that time on the improvement, most rapid, S. S. S. seemed to have the disease completely under control; the sores and ulcers healed and I was soon free from all signs of the disorder; I have been strong and healthy ever since.

New Haven News: "John Guehard and family, of Fort Wayne, are visiting relatives here. John is a watchman for the Pennsylvania company, at the Walton avenue crossing at Fort Wayne and it appears he is having a little more than his share of misfortune. Last year he fell and a train passed over his right arm, necessitating amputation at the shoulder. Sunday evening, while going home from work, Mr. Guebard fell, striking his knee upon a rail and cut a fearful gash in the knee. He was assisted to his home, where a physician attended him. The accident will keep 'Jack' from work for some time."

The musical recital given by the art department of the Women's Club League and the Morning Musical at the Wayne club Thursday afternoon was a most successful event from every standpoint. Max Heinrich and daughter, Miss Heinrich, were the artists and the numbers on the program, embracing many difficult compositions, were given in a manner that bespoke unusual musical abilities on the part of each. Mr. Heinrich has a magnificent voice that has been trained to perfection, and he played his own accompaniment, something that few singers can do properly. Miss Heinrich has a pleasing contralto voice and her songs were well sung with excellent expression. Mr. and Miss Heinrich left later in the afternoon for Chicago.

FOR THE CHILDREN.

To Keep Their Digestion Perfect Nothing is so Safe and Pleasant as Stuart's Dyspepsia Tablets.

Thousands of men and women have found Stuart's Dyspepsia Tablets the safest and most reliable preparation for any form of indigestion or stomach trouble.

Thousands of people who are not sick, but are well and wish to keep well, take Stuart's Tablets after every meal to insure perfect digestion and avoid trouble.

But it is not generally known that the Tablets are just as good and wholesome for little folks as for their elders.

Little children who are pale, thin and have no appetite, or do not grow or thrive, should use the tablets after eating and will derive great benefit from them.

Mrs. G. H. Crotsley, 533 Washington St., Hoboken, New Jersey, writes: Stuart's Dyspepsia Tablets just fill the bill for children as well as for older folks. I've had the best of luck with them. My three-year-old girl takes them as readily as candy. I have only to say "tablets" and she drops everything else and runs for them.

A Buffalo mother a short time ago who despaired of the life of her babe was so delighted with the results from giving the child these tablets that she went before the notary public of Erie Co., N. Y., and made the following affidavit:

Gentlemen:—Stuart's Dyspepsia Tablets were recommended to me for my two-months-old baby, which was sick and puny and the doctors said was suffering from indigestion. I took the child to the hospital, but there found no relief. A friend mentioned the Stuart Tablets and I procured a box from my druggist and used only the large sweet lozenges in the box and was delighted to find they were just the thing for my baby. I feel justified in saying that Stuart's Dyspepsia Tablets saved my child's life.

MRS. W. T. DETHLOPE.

Subscribed and sworn to before me this 12th day of April, 1897.

HENRY KARIS,

Notary Public in and for Erie Co., N. Y.

For babies, no matter how young or delicate, the tablets will accomplish wonders in increasing flesh, appetite and growth. Use only the large sweet tablest in every box. Full sized boxes are sold by all druggists for 50 cents, and no parent should neglect the use of this remedy for all stomach and bowel troubles if the child is ailing in any way regarding its food or assimilation.

Stuart's Dyspepsia Tablets have been known for years as the best preparation for all stomach troubles whether in adults or infants.

Grover Cleveland talks much like a man who might be sorry he had resolved not to say anything.

For a state that is the romping-ground of the trusts New Jersey has done something worth remembering in her reception to William J. Bryan.

Having got Great Britain safely within the web of a new alliance Kaiser Wilhelm patronizingly refers to Britannia as a German state and next to the Fatherland the greatest on earth. And it "goes," very likely.

The assertion of the secretary of finance for Cuba that the excess of expenditures over receipts in most Cuban towns shows their municipal affairs to be improperly managed is endorsed by papers in this country as sound. It is so in the abstract; but in the concrete does it not show that the Cuban towns are earnestly trying to follow the example of cities in the United States?

It is with unusual pleasure that we note the coming to this city of Mr. Strickland W. Gilliland, well known in Indiana as a bright and original journalist of Richmond and to the country as a poet and writer of much talent. Mr. Gilliland's verse abounds in many charms of grace and daintiness, of true feeling and expression, and his prose writings are the embodiment of a fine humor as well as a striking exquisiteness of taste. Mr. Gilliland is an admirable reader and like every writer who can read gives an added charm to his own creations. Mr. Gilliland will read at an entertainment in this city tomorrow evening, after which he will meet some of the newspaper writers of the city.

A novel indication of the time is furnished by the lament of an essayist in the Nineteenth Century of London under the title: "Wanted—A New War Poet." The writer asserts that there are no singers who have given adequate expression to the war spirit, even Kipling being inadequate, and one of his performances being characterized as a "...erary misdemeanor." The writer goes back to the Crimean war for an example of the poetry a nation should have to support it in armed conflict. This may be quite true as to the barrenness of the poetic fervor in the cause of fight for the fight's sake, but still it may be maintained that the case does not present a "want." There is no need for a poet to arouse the spirit of fighting; and possibly that poor character of the poetry may be accounted for by the undercurrent of unconscious feeling that the war spirit as it exists today is not a subject to inspire an enlightened muse. Yet it is singular that there is no assertion of the need for a great poet to tell of the virtues of peace and the glories of universal brotherhood, and charity and generosity between the nations. The true essay should call attention to the want for a new peace poet.

There has been some diligence displayed by republican newspapers in this section of the west in spreading the belief that in Maryland, and especially in Baltimore, there is a tremendous hostility to Mr. Bryan. The Baltimore Sun, a newspaper that was perfervid in its support of McKinley four years ago, has this to say of the reception given to Mr. Bryan in Baltimore Tuesday night: "The reception given Mr. Bryan last night was the most magnificent popular demonstration ever witnessed in this city. The rain could not chill the enthusiasm of the immense multitude which waited patiently for hours in the vicinity of the depot to welcome him and which crowded Music hall and the vicinity to hear his addresses. There can be no mistaking the meaning of such a popular outpouring as that of last night. It means that the people of this city are with and for the cause which Mr. Bryan represents, and that the popular heart still responds with enthusiasm to appeals to its patriotism and its love of liberty. It means that the people understand the true issues of this campaign and are not deceived by the shallow sophistry of selfish interests. It means that they do not regard Mr. Bryan as a demagogue or a dreamer, but as an honest and earnest patriot, who is fighting for the cause of popular government against dangers which threaten its existence. It means that they recognize this is a struggle between greed and gold on one side and popular rights and free institutions on the other. It means, last but not least, that Maryland will cast its electoral vote for Mr. Bryan."

RESPECT FOR HIGH OFFICE.

[Boston Herald—McKinley Paper.]

We doubt if any one of intelligence seriously contemplates the possibility of Theodore Roosevelt ever being elected president of the United States, though there are probably not a few, with himself among the number, who speculate upon the chances of his being a candidate for the position at some time in the future. We have before alluded to the hope that accident may not place him in that office in the next four years. It is consoling to reflect that the risk is not great. The people have not insisted upon maintaining the standard of the president's office as high in the second half century of the republic as they did in the first, but they have exacted a certain soberness and selfpoise in its incumbent which is not to be found in this mercurial governor, and also a respect for the office itself which he could hardly be relied upon to accord. A man who, as governor of the greatest state of the Union, has left the state, in which its important duties are to be discharged, and been absent nearly four months in electioneering for himself for another office, cannot be regarded as respecting the office he now holds or be relied upon to respect a higher office if there is a question of electing him to it.

PREPARATIONS FOR WORK

ALL OPERATORS ARE FALLING INTO LINE.

MITCHELL ISSUES A NOTICE

DECREEING THE END OF THE GREAT STRUGGLE.

Scranton, Pa., Oct. 26.—There is great rejoicing today all through Scranton and the Lackawanna valley at the calling off of the anthracite miners' strike. The order has had the effect of stimulating the companies which had not already posted notices agreeing to advance wages 10 per cent. to do so, and today the Pennsylvania Coal company sent out its official notice to its miners at Dunmore, Avoca and Pittston. Like action was also taken by the Moosic Mountain Coal company and this evening will find the notice up at every mine in the valley from Forest City to Pittston. Fifty-three thousand men and boys between these points will therefore resume work on Monday.

What the Susquehanna Coal company, which is controlled by the Pennsylvania railroad, will do as to its mines at Nanticoke is as yet unknown, but that company's general superintendent, Morris Williams, at the meeting of the operators here on Thursday of last week, agreed to the April 1 concession and was a full party to the agreement then made. Today the mining companies have forces of men engaged getting the mines in shape for resumption on Monday.

At the mines all the sidings are filled with cars and the shipments of coal are certain to be large before another week ends.

MITCHELL'S STATEMENT.

The following statement was given out for publication last night by President Mitchell, of the United Mine Workers:

"To the Miners and Mine Workers of the Anthracite Region: Gentlemen—After carefully canvassing the entire strike situation, we, your officers, district and national, have concluded that your victory is so nearly complete that no good end can be served by continuing the strike longer. The contest has been in progress for thirty-nine days and the companies employing you have, with few exceptions, signified their willingness to pay the scale of wages formulated by the Scranton convention of Oct. 12 and 13.

"We are aware that some disappointment and dissatisfaction has been caused by the failure of the operators in Districts 1 and 7 to separate the reduction in price of powder from the advance in wages, but after careful inquiry we are satisfied that each mine employe will actually receive an advance of 10 per cent. on the wages formerly paid. In the Schuylkill and Lehigh regions the largest companies have agreed that the sliding scale should be suspended, and that wages should remain stationary at 10 per cent. until April 1, 1901, thus removing one of the iniquities of which you have complained for many years.

"While it is true that you have not secured redress for all your wrongs; while it is true that the increase in earnings will not fully compensate you for the arduous labor you are compelled to perform in the mines, you have established a powerful organization which, if maintained and conducted on business principles, will enable you to regulate many of your local grievances and make your employment less hazardous and more profitable than before the strike began.

"The companies agree, in their notices, to take up with their mine employes all grievances complained of. We would therefore advise that when work is resumed, committees be selected by the mine employes and that they wait upon the superintendents of the companies and present their grievances in an orderly, business-like manner and ask that they be corrected.

"Your attention is respectfully called to the fact that the laws of the state of Pennsylvania provide that miners should be paid semi-monthly upon demand; we should, therefore, advise that each mine employe serve notice on the companies that he expects to be paid his wages twice each month, as provided by law.

"The practical benefits to the miners which accrue from thorough organization have been so clearly demonstrated during this strike that it should be needless for us to urge upon you the necessity of maintaining your union intact. We trust, however, that those who are now members of the union will be unceasing in their efforts to induce all other mine workers to ally themselves with the United Mine Workers of America at once, as it will be impossible for you to secure higher wages in the future, or even to maintain the present rate of wages, unless you are prepared to offer a united resistance if any attempt is made to reduce your earnings upon the expiration of the present offer.

"As there are some few companies who have neither posted, notified nor signified in any other manner their willingness to pay the 10 per cent. advance in wages and suspend the sliding scale, we should advise that unless the men employed by such companies receive notice before Monday that the advance will be paid they remain away from the mines and continue on strike until the companies employing them agree to the conditions offered by the other companies, and the employes of the companies who have offered the advance of 10 per cent. and abolished the sliding scale are hereby authorized to resume work Monday morning, Oct. 29, and to be prepared, if called upon, to contribute a reasonable amount of your earnings for the maintenance of those who may be compelled to continue on strike."

The statement was signed by John Mitchell, president; W. B. Wilson, secretary United Mine Workers of America; Fred Dilcher, G. W. Purcell, W. R. Fairley and Benjamin Jones, national executive board U. M. W. of A.; T. D. Nichols, president district No. 1; John T. Dempsey, secretary district No. 1; Thomas Duffy, president district No. 7; John P. Gallagher, secretary district No. 7; John Fahey, president district No. 9; George W. Hartlin, secretary district No. 9; E. G. Morris, secretary conference committee.

A SPANIARD MAY BE POPE

CARDINAL VIVEZ Y TUTO SAID TO BE LEO'S CHOICE.

Vatican Circles Aroused by Report That Pontiff's Last Will Nominates Successor.

Rome, Oct., 26.—A great sensation has been caused in vatican circles by the report now being circulated that the pope has, in his last will and testament, recommended that the Spanish cardinal, Vivez y Tuto, be selected as his successor.

In all the surmises that have ever been made in regard to the very interesting problem as to who would succeed Pope Leo it always has apparently been taken for granted that an Italian would be chosen for the exhalted position. The mere hint that a Spaniard has been selected by his holiness is certainly enough to cause even more of a sensation than has the report that is now in circulation.

Half a dozen Italian cardinals have been named by rumor for the place at different time. Never, however, has one name long been in the lead as a candidate for the papal crown, and it is believed that because of the fact that very little weight has been given to any one of the rumorous selections from the Italians mentioned there may be more than a mere possibility that the present gossip is correct or will so develop in the course of time.

While the cardinals will themselves elect the pope by the most secret of ballots, it is admitted that the recommendation of Pope Leo of any candidate would go a long way in securing his election.

Cardinal Vivez y Tuto is the newest and youngest member of the college of cardinals. He is a cardinal deacon and holds no special office. He was given the red hat in 1899. He is 46 years old, while all the others who have been mentioned as possible successors to the papacy are above 64.

MR. CLEVELAND ANNOYED.

Princeton, N. J., Oct. 26.—In conversation with a representative of the Associated Press former President Cleveland said:

"I am surprised that my opinions and intentions as related to the pending canvass should at this stage so suddenly be deemed important. I am daily and nightly sought out by newspaper representatives and plied with all sorts of questions, some of which seem quite senseless. If, in good nature, I say a few harmless words they are so padded before publication as to be unrecognizable or are made the pretext for utterly unauthorized presumptions.

"It seems to me that my situation ought to be sufficiently understood and appreciated by thoughtful friends to justify in their minds my determination to remain silent during this exceptional and distressing campaign."

BOARD EXTENDS THE TIME

FOR THE COMPLETION OF THE TWO BIG SEWERS.

South Waynetes Have Selected an Expert Engineer—Routine Business Transacted.

The board of public works held a regular meeting last evening and passed on applications of Contractor J. T. Adams and Contractor Peter for an extension of time for the completion of the South Wayne and intercepting sewers. The contractors showed conclusively that they could not complete the work by November 1, according to contract, and an extion of time was given until June 1, 1901. If the weather permits the work ill be pushed during the winter and the sewers may be finished before June.

Messrs. J. M. Barrett, S. B. Bond and D. N. Foster, representing South Wayne citizens, were present at the meeting and informed the board that they had requested W. S. MacHarg, an expert engineer of Chicago, to inspect the South Wayne sewer and the board agreed to communicate with Mr. MacHarg.

A declaratory resolution for vacating certain portions of Lillie and Selden streets, in the vicinity of the Findlay, Fort Wayne and Western railway tracks, was adopted The petitions of Charles Schreck and William Tagtmeyer for permission to build sidewalks under private contract were approved The bond of Jahn & Meyer, licensed sewer builders, was also approved. A petition asking that Warsaw street be opened and extended through from Pontiac street to Boltz street was received and filed.

Assessment rolls for the following improvements were confirmed:

For paving the alley between Main and Berry streets, from Fulton street to Broadway; grading Pontiac street, from Lafayette to Hanna; sidewalks on Oliver street, from Creighton avenue to Pontiac street; sewer on Barthold street and in the alley between Fourth and Fifth streets; grading Cottage avenue, from Indiana avenue to Beaver avenue.

DICKINSON ON SILVER IN '92.

Detroit, Mich., Oct. 26.—"There are all kinds of men," said Chairman D. J. Campau. "Don M. Dickinson wrote the letter to Congressman J. Logan Chipman, to which I referred in my interview of a few days ago and which I asked him to produce, but he had the audacity to deny having written such a letter. I hold in my hand the letter which I referred to, which he wrote on February 16, 1892. It is written on the paper of Dickinson, Thurber & Stevenson, is marked personal and is addressed to J. Logan Chipman. In it he says:

"'Your favor of the 9th inst. kindly asking my advice as to your vote on the free coinage bill is received. I have given the history of money considerable attention and this matter of silver coinage very careful study. I do not share the apprehensions of disaster from free coinage which we hear so frequently expressed. The prophecies of calamity are now no more dire than those in '78, or when there has been any measure before congress looking to the increase of our currency by a silver coinage since that time. The purchasing power of silver currency was not depreciated by any of these measures.

"'I do not anticipate that a measure which will limit the supply of a constitutional currency by the natural law of demand rather than by the artifice of an act of congress will permanently depreciate its purchasing power. The manufactured sentiment against it—the widespread and simulated fear of the timid—may produce such a temporary effect. But it will be brief.'

"Mr. Dickinson says in conclusion: 'I need not say that if I were in the house I would vote for free coinage, because it is right.'"

THE LOVE FEAST

DEMOCRATIC CLUBS TO MEET SATURDAY NIGHT.

WILL PARADE THE STREETS

KERN AND BEVERIDGE NEXT MONDAY EVENING.

ONE NIGHT FOR BOB HANNA

MEETINGS TO BE HELD BY BOTH PARTIES—GOSSIP.

The Fort Wayne democratic clubs are going to have a general love feast tomorrow night. There will not be the usual trimmings of a foreign speaker—in fact, there will be no set speeches. The several clubs will meet at their respective headquarters at 7 o'clock and march to the market space on Barr street, where they will join together and parade through the down town streets. William Meyer will have charge of the parade. After the street demonstration the clubs will march to Saengerbund hall and there will be held the love feast. Club members will discuss with each other the best plans to follow during the last week of the campaign. The demonstration is something unique in politics, but the democratic committee is desirous that the people shall know just what strength there is in organized political clubs.

THE LINE OF MARCH.

William Meyer announces the following line of march for the parade of Fort Wayne clubs tomorrow evening: Form on Barr street; move north to Columbia, west on Columbia to Calhoun, south on Calhoun to Baker, west on Baker to Fairfield avenue, north on Fairfield avenue to Wayne, west on Wayne to Harrison, north on Harrison to Main, west on Main to Saengerbund hall.

BRYAN RAILROAD CLUB.

The Bryan railroad club promises to be the greatest political club ever organized in this part of Indiana. On Wednesday evening 137 men signed the roll and during yesterday enough more were signed to bring the total to more than 300. The officers of the club promise to turn out 500 or more men in the parade on Stevenson night.

TO YELL FOR BOB.

The republicans are arranging for a demonstration next Thursday evening, Nov. 1, to be known as "Hanna night." There will be a parade and speeches at the Princess rink booming R. B. Hanna for congress. Last evening little printed slips were distributed throughout the Second ward for signature, carrying with them a promise that the signer would turn out in the parade to show how Mr. Hanna was supported in his own ward.

POLITICAL GOSSIP.

Hon. James M. Robinson, J. C. Martin and C. A. Ryan addressed the biggest political audience of the campaign at Besancon last evening.

Senator A. J. Beveridge will speak to republicans at Princess rink next Monday evening. The Tippecanoes, Soldiers, Sons and Citizens and other republican clubs will act as escort for the junior senator.

Congressman Robinson will be heard in the city next week. He will speak to the voters of the Seventh and Tenth wards in Puff's hall, on October30; to the Eighth ward voters at Vogely's hall, October 31; in the Sixth ward on November 1, and in the Ninth November 3.

N. D. Doughman will go to Huntington county this afternoon and this evening will deliver a democratic address at Mt. Etna.

The Alexandria Press says: "Ex-Attorney General Frank S. Monnett, of Ohio, and Dr. J. W. Younge, of Fort Wayne, addressed the largest audience last evening that was ever packed in the Wysor Grand Opera house at Muncie. The doctor opened the meeting with an interesting speech on the money question and General Monnett spoke on trusts. The meeting was the largest and most enthusiastic of any held in uncie during this campaign."

Allen Hamilton, president of the Bryan railroad club, requests that all members of the club shall meet Saturday evening at the city hall. There will be some business transacted and the club will then turn out in the general parade.

A. M. Schmidt, captain of the Hendricks club, desires that all members of the club shall meet at the Wayne hotel Saturday evening at 7:15 and there form in line for the general parade of clubs.

Henry Colerick has been billed for a political address at Batson, Ohio. Mr. Colerick will speak at Lima, Ind., Saturday afternoon, November 3, and in the evening he will speak at New Haven. His services are in great demand and from now until election day there will be no open dates for him.

L. V. Ullery went to Grover Hill, Ohio, yesterday and delivered a democratic address.

The Jefferson club will meet at the hall, corner of Berry and Clinton streets, this evening at 7:15, and march to the Sixth ward, where Charles H. Worden will deliver an address in the club rooms, corner Broadway and Taylor streets. There will be a parade by the ward club preceding the meeting.

The democrats of Monroeville will have a grand rally tomorrow (Saturday) evening. There will be a flambeau parade and later speeches in Junior Order hall by Henry Colerick, O. P. Eversole and Ronald T. Dawson.

The republicans are making great efforts to give Mark Hanna a big reception next Wednesday night. Thousands of people will be here to see and hear the man who controls the policies of the republican party. There will be a big parade and other speeches than that of Mr. Hanna.

William P. Breen and Henry Colerick will speak at Saengerbund hall on the evening of November 1. The meeting will be one of the largest of the campaign and thousands of Fort Wayne people will have an opportunity to hear two of the best speakers in the Twelfth district.

Next Tuesday evening there will be a republican rally at Kendallville, at which Hon. R. S. Taylor and R. B. Hanna will deliver speeches. The Tippecanoes will go down on a special train.

Next Monday evening the Hendricks and Jefferson clubs will act as escort for John W. Kern, democratic candidate for governor, who will speak at Saengerbund hall.

Hon. John W. Kern at Saengerbund Hall Monday evening, October 29. 26-t3

Scrotal Rupture Cured

Amazing Success of a New Home Method That Any One Can Apply.

Is Curing Cases of Thirty and Forty Years' Standing—Is Sent Free to Try.

More than twelve years ago a machinist in the tool room of the C., B. & Q. R. R. shops at Aurora, Ill., met with an unfortunate accident causing a bad rupture. He was given expert medical treatment and used what was considered a good truss, but no improvement was noted. After frequent experiments with other trusses and treatments he sent for a free trial of a method invented by Dr. Rice, of Adams, N. Y., and as it was a new idea, the method was tried and improvement began immediately. In a few weeks the sufferer was entirely cured.

GEORGE O. PLUMMER.

This happened twelve years ago and is now given publicity in order to effect the popular notion that a surgical operation is the only way to cure rupture. The machinist referred to above is George O. Plummer, 256 La Salle street, Aurora, Ill., and a prominent member of the Willard M. E. church.

Mr. Plummer hasn't worn his truss for twelve years, and as his work in the railway shops is trying to his muscles his permanent cure of a bad rupture is certainly sufficient to interest other unfortunates who are going through life in misery. Write to Dr. W. S. Rice, 507 B. Main St., Adams, N. Y., and he will send a complete and detailed description of his method whereby you can cure your rupture at home without pain, danger, operation or detention from business. Write at once for a free trial of this remarkable method and if you know of others ruptured write for them.

NEXT TO GOTHAM.

ROOSEVELT'S LAST DAY UP THE STATE.

FINISHING COUNTRY TOUR

EASY DAY PREPARATORY TO TONIGHT'S TASK.

SPEAKS IN SCHENECTADY

SHORT STOPS MADE AT SOME OTHER TOWNS.

Syracuse, N. Y., Oct. 26.—Governor Roosevelt started at 8:30 o'clock today on the final stage of his electioneering tour of New York state. Today's work will be made easy, so as to save the governor's voice and strength for tonight's meeting in New York city. The principal stop during the day will be at Schenectady, where an hour's meeting is scheduled. Stops of ten minutes will also be made at Amsterdam and Albany. It is expected that the train will get into New York shortly after 5 o'clock.

A TALK ON TRUSTS.

Amsterdam, N. Y., Oct. 26.—The first stop of the Roosevelt special train on its run to New York was made here. For the few minutes that he talked Governor Roosevelt took up the trust problem with some local applications, calling the attention of his auditors to Mr. Bryan's statement that he would remove the tariff from all articles manufactured in this country by so-called trusts. There are large carpet factories here and the governor asserted that if Mr. Bryan's theory was put in practice, while it might result in the destruction of the trust, it would also result in thrown all of the workers out of occupation. He said in part:

"It is, of course, true that there are men who work hard and get less than they ought to, and it is equally true that there are others who receive in excess of what they should. That is a fault that it is perhaps possible to remedy, and I will join in any remedy according to the light that is in me. According to Mr. Bryan there is only one remedy for these evils, and that is the absolute destruction of every so-called trust or of a large money-making employer. Now just think of what that means. For instance, steam and electricity have largely created the conditions with which we have to deal. Now no one in his senses would take the radical step to remedy the trust evil by destroying steam and electricity, and yet that is what Mr. Bryan wants to do.

"He could, of course, stop the trust perfectly well, but he would kill the patient and with the patient every man whose livelihood depends upon the success of the business."

REACHED SCHENECTADY LATE.

Schenectady, N. Y., Oct. 26.—Governor Roosevelt had been scheduled to address two meetings here today, one in a public hall and the other in a public square. The train was late, however, and the governor decided to speak only in the hall.

When the governor arrived at the hall he said:

"I have but a minute or two, but I want to call your attention here in Schenectady to something that Mr. Bryan said a week ago in this city when he said that if he were elected he would destroy every private monopoly in the United States. Of course, he could not do it. Mr. Bryan does not know what his governmental powers are; but if his words mean anything, they mean that he would destroy every patent in the United States, in which case the General Electric company here would be one of the first to go absolutely to smash."

A reply to the governor by a man in the audience who asked why Mayor Van Wyck had not been removed pleased the crowd and the Union college boys present gave their yell and cried, "Teddy is all right."

Some noisy interruptions followed and the governor said:

"When Mr. Bryan came here he was treated with respectful courtesy by the republicans and let me ask you creatures who are trying to interrupt me to follow their example."

CHAMBERLAIN BEGINS TRIP.

London, Oct. 26.—Joseph Chamberlain, secretary of state for the colonies, and his son, John Austen Chamberlain, civil lord of the admiralty, have sailed for Gibraltar, whence they will proceed to Malta to visit Sir Francis Wallace Grenfell, the governor of Malta.

VON MOLTKE'S CENTENARY.

Berlin, Oct. 26.—The one hundredth birthday of the late Field Marshal Von Moltke was marked today by Emperor William, who issued a general army order extolling Von Moltke, thanking Providence for giving the fatherland such a man and expressing the hope that the army will emulate his martial virtues and thus derive strength for the fulfillment of the exalted and difficult mission assigned to it.

CARLISLE WILL NOT VOTE.

New York, Oct. 25.—John G. Carlisle sent a letter to an afternoon paper yesterday in which he denied a report that he was going to vote for McKinley, and added:

"I desire to say that, for reasons entirely satisfactory to myself, I determined long ago not to vote for either of the presidential candidates. This determination has been well known to my personal friends and acquaintances ever since the nominations were made, and, although it is a matter of no importance to anyone except myself, I prefer that there should be no misunderstanding upon the subject by the public at large."

In a dispatch to the same paper ex-President Cleveland denied a story that he had advised A. B. Farquhar, of York, Pa., or anybody else, how to vote.

CLAIM IS SETTLED.

Chicago, Oct. 25.—Judge Grosscup, of the United States circuit court, has approved an order for the settlement of the claims of the West park commissioners against the defunct National Bank of Illinois, on payment of $221,209. This amount represents 70 per cent. of the judgment for $316,013 awarded against the bank's receiver in January, 1899. The amount was at once paid over. The funds of the park board were deposited in the National Bank of Illinois by Former Banker E. S. Dreyer, at that time treasurer of the board, who is now under sentence for embezzlement.

Hon. John W. Kern Monday evening, October 29, Saengerbund Hall. 26-t3

GERMAN POLITICAL METHODS.

Berlin, Oct. 25.—A special edition of the Berliner Correspondence, which was issued by the ministry of the interior this afternoon, publishes a statement admitting that Director Von Woedtke, of the imperial department of the interior, induced Secretary Bueck, of the Central association of manufacturers, to devote 12,000 marks for printing official reichstag material and other documents tending to show arguments in favor of passing the anti-strike bill. This printed material was sent to the provincial press for reproduction. The official statement amounts to a virtual corroboration of the press charges brought against the minister of the interior, of which Count Von Posadowsky-Wehner is the head.

There are 205,000 more manufacturing establishments in this country than there were in 1890.

How to Dress Well Cheaply.

We have shown you what $10 will buy here for those who wish to spend but $10. Let us tell you now what better prices buy.

For from $12 up we are selling Suits and Overcoats that compete with tailor-made goods. For $15 we sell a Raglan Overcoat—the swellest style of the year. The cheapest tailor, we think, will charge $35 for it. It would not look better nor fit better than ours.

No suit in our store costs more than half a tailor's price for the same quality. And we have tailors here to alter any suit so that the fit may be perfect.

Rogers, Peet & Co.'s Clothing.

Suits and Overcoats of R., P. & Co.'s make begin at $18. These New York tailors set the style for tailors everywhere. There is no cut nor style that the best tailor gives you but R., P. & C. made it first.

In this clothing we give you the best material, workmanship and fit that twice the price will buy at your tailor's. We have put this line in here to do for you what R., P. & Co. do for New York dressers.

It is for you who wish to dress well, and yet are willing to save one-half the price you pay.

A Window of $1.00 Shirts.

Any shirt in our window today can be had for $1. The secret is this: These shirts have been made to our order—made in $1.50 grades. The name on them is our name. Nothing is added for fame nor for advertising. We are doing on shirts just what we do on hats. We are putting the money into quality only. We are saving you a third.

We are trying to reach you who have been paying that third for a name.

OUR 50C NECKWEAR is of just the same grade as the same price buys elsewhere. No one can well cut on that. Our advantage is in newness and variety. We selected this stock ourselves from the largest stocks in New York. We selected it to make this store from the start the neckwear headquarters.

ENDS IN MURDER

AN OLD FUED AT FONTANET RESULTS TRAGICALLY.

HARLEY M'DONALD SHOT DEAD

QUINCE FOSTER WAS QUICKER WITH HIS GUN.

SYNODICAL MEETINGS END

GENERAL NEWS OF THE STATE OF INDIANA.

Terre Haute, Oct. 26.—Quincy Foster shot and killed Harley McDonald at Fontanet last night. Foster is an ex-constable and McDonald was an employe of the Fontanet powder company. The murder is the culmination of a feud which has existed between the men for several years. The men had some words tonight and McDonald attempted to pull a gun. Foster was first and fired five shots into McDonald, who died in an hour. Foster came to Terre Haute late last night and gave himself up to the sheriff.

Y. M. C. A. SECRETARIES MEET.

Lafayette, Oct. 26.—The executive committee of the state Y. M. C. A. secretaries' conference held a business meeting here in the parlors of the association building in this city. Philip Bevis, general secretary of the Lafayette Y. M. C. A., J. B. Modesitt, physical director of the Crawfordsville association, and George W. Knepper, secretary of junior work of the Indianapolis association, composed the comittee. E. E. Stacy, of Indianapolis, state secretary, and C. M. Dinsmore, general secretary of the Purdue Y. M. C. A., were also present. Indianapolis was selected as the place for holding the next annual conference, with the time as April 11 and 12. Partial plans were made for the program for this meeting.

DIPHTHERIA AT REDKEY.

Portland, Ind., Oct. 26.—Half a dozen cases of diphtheria exist in Redkey, the wife of Rev. Mr. Goodrich, of the Christian church, and Mrs. S. M. Kenyon, wife of the editor of the Redkey Times, being among the victims. A child in the Kenyon family is very near death. So far there has been one death from the disease—a little son of Gilf H. Jones.

DOWIE'S BILL IS FOR $1,000.

Mishawaka, Ind., Oct. 26.—The administrator of the extensive estate of the late Mrs. Mary Redding has just received a bill from John Alexander Dowie for $1,000 a claim he alleges is due him for coming ninety miles out of Chicago to baptize Mrs. Redding. The bill will not be paid.

DIED IN LODGE ROOM.

Michigan City, Ind., Oct. 26.—James C. Kellogg, aged 78, fell dead Wednesday night of heart disease at a meeting of the Odd Fellows' lodge of this city, which he was attending, and in the deliberations of which he was a participant when stricken.

AGED COUPLE REUNITED.

Peru, Ind., Oct. 26.—William Benner, aged 74, and his first wife, Tannie Ann Benner, aged 67, who have been separated for twenty-five years, were married by Mayor Durand yesterday.

CHARGED WITH MURDER.

Albion, Ind., Oct. 26.—(Special.)—The Noble county grand jury has returned an indictment charging Solomon Bear with murder. It will be recalled that some months ago Bear, who is an aged citizen of Green township, shot his son, Isaiah Bear, using a shotgun as the weapon. The son died a few hours later. Bear has been in jail since the shooting.

SYNODICAL MEETING CLOSED.

Richmond, Ind., Oct. 26.—The Home and Foreign Missionary societies of the Presbyterian synod of Indiana closed a successful and pleasant convention here, yesterday afternoon. The entire day was devoted to the foreign department. It was decided to hold the meeting next year in Tabernacle church, Indianapolis. The following officers were named, all being re-elected except Mrs. W. H. Hubbard, of Indianapolis, who declined to serve longer as recording secretary: President, Mrs. A. B. Mitchell, Indianapolis; corresponding secretary, Mrs. R. V. Hunter, Indianapolis; recording secretary, Mrs. Frank Hatch, South Bend; assistant recording secretary and secretary of literature, Mrs. F. B. Thompson, Crawfordsville.

A MINISTER ATTACKED.

Princeton, Ind., Oct. 26.—Rev. Josephus Lee, twice prohibition candidate for congress from this district, was murderously attacked at his home in Oakland City. His assailant escaped and has not been apprehended. Mr. Lee arose about 3 o'clock in the morning and went into his yard, where he was attracted by a noise. A man jumped from behind a shed and attempted to bury a bowie knife in the minister's breast. The preacher warded off the blow, and the knife cut his hat in two places. A struggle ensued. Seeing that his opponent was getting the advantage, the stranger took to flight and successfully eluded capture. Mr. Lee was not fatally injured, but bears serious marks of the fray.

OPPOSED TO SALOONS.

Plymouth, Ind., Oct. 26.—There is a stronge anti-saloon element in Bourbon township, this county, but the people have always had a good deal of difficulty in obtaining the names of a sufficient number of remonstrators against an applicant for liquor license. As the number of remonstrators is based on the vote for secretary of state, the temperance people of the township have decided not to vote for that particular office at the next election, and the candidates will get only about 75 per cent of the full vote. This will make it easier in the future for the circulators of remonstrances to secure the required number of names.

TOOK FOUR SHOCKS OF CORN.

Wabash, Ind., Oct. 26.—Elder J. S. Grant, a prominent clergyman of the Christian church, in this county, was arraigned last evening before Justice Tyer for taking four shocks of corn from a field belonging to a neighbor, named Gill. There had been some trouble between the two and the arrest of the preacher is said to be spite work. The minister caused the arrest of Gill for profanity and the cases of both were taken under advisement. Elder Grant admits taking the corn, but says it was under an agreement.

WANT SHORTER HOURS.

South Bend, Ind., Oct. 26.—Union clerks, together with a number of men from labor organizations, gave a street demonstration last night, and marched from store to store where the proprietors refuse to join the early closing movement. The plan to close the stores at 6 p. m. on the first three nights of the week is being generally observed, but a few store-keepers are holding out. After the various stores had been visited, a street meeting was held by the marchers, when a number of speeches were made.

A VICTIM OF DOWIEISM.

Elkhart, Ind., Oct. 26.—The coroner has held an inquest on the body of Hugh Yoder, age eleven years, the son of Menno Yoder. The child died after three weeks' illness, during which it had no medical attention. His parents believe in the Dowie faith cure, and depended on prayers to bring their son back to health. The boy is supposed to have died of typhoid fever. He was unconscious for several days, but his parents continued to pray instead of calling in a physician.

SHOE FACTORIES CLOSE.

Quebec, Oct. 26.—Thirty shoe factories, employing 1,000 men, have shut down as the result of difficulties between the union and the manufacturers. The trouble grew out of the refusal of a union man to work for weekly wages instead of piece work. He was discharged and a non-union man engaged. As a result all the men in the factory went out. The manufacturers' committee thereupon decided to shut down until a better understanding is obtained.

SHAMROCK IN DRY DOCK.

THE MARKETS.

Chicago, Oct. 26.—Wheat started quiet and firm with the crowd inclined to even up over the Saturday holiday and Sunday. Cables were firm, Liverpool showing a good response to the advance here yesterday. December opened ⅛c higher to ⅛c lower at 73½c to 73¼c, and sold down to 73c. The weather was generally favorable and receipts moderate. Local receipts were 142 cars, 9 of which were graded contract. Minneapolis and Duluth reported 503 cars against 657 last week and 643 a year ago.

Later sentiment seemed to have reversed, yesterday's buyers selling. December dropped to 72½c, but steadied on a good export demand, closing ⅞c lower at 72½c.

The corn market was quiet and easy early, with a fair volume of trade. December opened unchanged to ⅛c lower at 35⅛c to 35c, and sold down to 34⅞c. Receipts were 329 cars.

January pork opened 5c to 7½c higher at $11.22½@11.25 and sold down to $11.15; January lard opened 5c higher at $6.67½ and declined to $6.60; January ribs opened 7½c higher at $5.97½ and declined to $5.92½.

THE DAY ON WALL STREET.

New York, Oct. 26.—The stock market opened feverishly active and very irregular. The assertions of Vanderbilt control in Southern Pacific made that stock the feature and the 10,000 shares which changed hands at the opening were quoted at 37⅞ and 37¾, compared with 37⅛ last night. The Chicago and Alton stocks and the Kansas City Southern stocks were affected by reports of consolidation. Alton opened wide on a sale of 3,500 shares at 34 to 34½, compared with 33⅞ last night. Kansas City Southern preferred was up 1½. Brooklyn Transit jumped 1⅝. Some of the Coalers showed acute depression on realizing incident to the strike settlement New Jersey Central was off a point and others of the group lost large fractions.

Large amounts of Brooklyn Transit were unloaded on the rise and the price receded to about yesterday's close. Sugar and Pacific Mail were forced down a point, and these incidents caused the general market to run off. Some resistance was met in the Pacifics. Business in Southern Pacific was only moderate, after the enormous opening business, and the price was about steady. The Chicago and Alton stocks showed gains of 1½ and 1½ for the common and preferred, and the Kansas City Southern stocks rose further in sympathy.

A lively selling movement developed in the second hour, which had its inception in the Steel stocks. Their weakness soon diffused a heavy tone to the Pacifics, Coalers, Tobacco and Tractions. Losses averaged about a point in these properties, but some issues lost almost 2 points. Great activity marked the movement. Lake Erie and Western preferred broke 4½. A sharp rise toward midday in some of the specialties checked the reaction, but the market was feverish. Lake Shore was bid up 3 points over yesterday's close without obtaining stock.

Bonds were quiet and irregular.

BRYAN IN JERSEY

(Continued from First Page.)

Bryan said: "The best way to defend your own rights is to protect the rights of others and to respect the rights of others. The best way to make your own liberty secure is to leave liberty to all God's people everywhere."

DEMOCRACY NO MENACE.

Morristown, N. J., Oct. 26.—In his speech at Summit Mr. Bryan said that democratic success would not menace the fortune of any man who acquires his wealth by legitimate methods and is willing to give an adequate return to society. That prospect was no menace to the man who wants only to eat the bread which he earns and to earn the bread which he eats, but it might be regarded, he said, as a menace to that wealth which was not earned by legitimate means. He contended that the policy of equal rights and privileges to all was in the end the best for all, for if that policy did not advance our own fortunes it might some day prove the protection of our children and our children's children. If, he said, we leave bad laws, what assurance have we that those whom we rob today will not tomorrow rob our own flesh and blood? The poor man should come to the democratic party because it gives him a chance, and the rich man, because it gives his sons a chance and assures them protection.

Mr. Bryan said that he wanted this nation to be a moral influence in the world and did not want it to stand upon brute force alone. He argued that we cannot compete with the old world in becoming a nation of physical power unless we place a soldier upon the back of every toiler, and he did not want the United States to descend to that level. As for himself, he was content to have the happiness of a self-governing people who are willing to defend their own rights and at the same time respect the rights of others. He did not, he said, plead for the Filipinos, but for our own people, for this nation would never be great enough to trample upon the rights of others, and in the end any injustice done to any other people would rebound to our injury.

At Morristown Mr. Bryan spoke for ten minutes from the platform of his private car to an audience which was both fair in size and attentive in demeanor. Among other things he said:

"You have here a residence section, and it is in such a section as this where republicans attempt to frighten the people by telling them that the democratic party is trying to array one class against another. It is not true. The democratic party is trying to weld society together into a harmonious whole. The democratic party is trying to teach the inter-dependence of the classes. It is trying to bring people to love each other by making them do justice unto each other for if I know my own purpose it is not to make people enemies, but to make them friends."

Speaking of the Boer war, Mr. Bryan said:

"Some Englishman in publishing a tract against the Boer war said that the Boer war was being carried on in order to secure possession of gold mines, and then added that the poor man had nothing in that war. There was no profit to him, and his only part was to die for the dividends of Dives. You will find that in wars of conquest and in imperialism the great mass of the people are made to bear the load of taxes and they furnish the sons that die, but the profits are reaped by syndicates organized to develop the newly acquired territory."

Mr. Bryan said that the money which is expended in developing the Philippines is so much of our own resources taken from this country, and that it could be expended to better advantage in the United States than in those far away islands.

A FINE RECEPTION.

Summit, N. J., Oct. 26.—The people of Orange turned out in large numbers to greet Mr. Bryan. They exploded giant crackers and fired cannon upon his arrival, and the fronts of many of the houses were decorated with the national colors. He spoke at that place for about twenty-five minutes, and his speech was liberally cheered. He discussed the trust question at Orange and was led by a question as to the monopoly which copyright gives an author to again define, as he had done in many of his speeches, what he conceives to be the difference between the monopoly given by a patent or a copyright and the monopoly that is based on a suppression of the natural laws of trade.

Referring to the "army" question, Mr. Bryan said:

"I am not willing to throw away the omnipotent weapon of truth and seize again the weapons of physical warfare. I would not trade this republic for all the empires which have risen and fallen since time began. I am not dissatisfied with these old principles, but I deny that circumstances can compel a surrender of our principles of government."

MR. BRYAN AT PRINCETON.

Jersey City, N. J., Oct. 26.—Fifteen hundred Princeton students went down to Princeton Junction to hear Colonel Bryan yesterday afternoon. The meeting in point of order was the most remarkable of the campaign. The arrival of the train was greeted by the students with:

"Rah, rah, rah!
Tiger, Tiger, Tiger!
Siz, ditto ditto!
Boom, boom, boom!
Ah, ah ah!
Princeton, Princeton, Princeton.
Bryan, Bryan, Bryan!"

Colonel Bryan found himself and policemen who escorted him the center of a shouting crowd which swept him past the station to a slight elevation near by. When he raised his hand for order the yell was given once, and from that time till he finished there was not a man in the audience who did not make an effort to hear every word that was said. But for the low puffing of the locomotive there was not a sound. So anxious to hear were the students that they applauded but once, and that was when Mr. Bryan, discussing imperialism, said:

"I denounce the cowardly theory of destiny which would make a chicken thief out of every man who woke up near enough to a henhouse to steal a chicken."

It had been rumored during the day on the Bryan train that Grover Cleveland would attend the meeting, but he did not. Most of the students present were members of the college Bryan club. Mr. Bryan spoke fifteen minutes in the semi-darkness. As he was getting on his train he said to the students who crowded around him:

"I have spoken to many college students, but never to a better audience."

A special train of twelve coaches was run to the junction for the accommodation of students, and nine out of ten present were college men.

CROWDS AND ENTHUSIASM.

New Jersey yesterday forged ahead of any of the eastern states except West Virginia in the crowds and enthusiasm at meetings addressed by William J. Bryan. Starting with a riotously enthusiastic meeting at Washington Park, five miles from Philadelphia, and ending with a series of five monster gatherings in this city last night, Colonel Bryan's day's work resulted in meetings which have infused the democratic managers with more hope than they had entertained since the campaign opened.

From the democratic standpoint the situation in this state has changed materially within the last two weeks. The last republican canvass made by the state committee gave results which justified the claim of a 80,000 majority for McKinley, as against 87,000 in 1896. Since that time the democrats claim to have found evidences of a wholesale reversal of the labor vote. Investigation in factories is said to have revealed thousands of workmen who voted for McKinley in 1896, but who will vote for Bryan this year. Plans have been made for a vigorous fight by the democrats during the last ten days of the campaign, and while two weeks ago the Bryan managers in the state were practically without reasonable hope, they now claim to have a good chance to carry the state.

TROOPS ON GUARD

IMPERIAL TROOPS AWE THE MONTREAL STRIKERS.

REINFORCEMENTS ARE SENT

TO RESCUE A DETACHMENT OF THE ROYAL SCOTS.

WERE AT STRIKERS' MERCY

COTTON MILL STRIKE GROWS MORE SERIOUS.

Montreal, Oct. 26.—There are now on duty at Valley Field guarding the extensive works of the Dominion Cotton company twenty-five officers and 356 non-commissioned officers and men of the Royal Scots, Victoria Rifles and garrison artillery, augmented by a bearer corps. The Victoria Rifles have their Maxim gun with them. The sending of reinforcements was decided on late last night, after the first detachment of of the Royal Scots had come into collision with the strikers and as the result had nine of their men sent to the hospital.

The Scots were practically at the mercy of the strikers, as Col. Ibbotson was unable to find a magistrate who was willing to read the riot act. The officers had to content themselves with firing their revolvers into the air. In the meantime the men were the targets for a fusilade of stones and other missiles.

The town, it may be explained, is largely French-Canadian, and has at all times been a hotbed of race hatred, culminating in trouble recently over the employment of Englishmen in the mills, where there are some 4,000 employes paid by English capital. Although the present trouble is on account of a refusal on the part of the mill management to recognize the union in the matter of a demand for more pay for the men working on the construction of a new mill, the difficulty has all the appearances of assuming the old phase of racial antagonism, fuel being added to the flames by the presence of the British redcoats from Montreal. A detachment of the Duke of York's Royal Canadian Hussars (cavalry) is under orders to proceed to Valley Field today.

Only one striker was wounded last night. He was shot in the arm and is not seriously injured.

Four hundred more operatives joined the strikers this morning. The town is now under martial law.

THE TROUBLE BEGINS.

The trouble began Wednesday when a couple of hundred men employed by the Montreal Cotton company on the foundations of a new mill went out on strike, demanding an increase of 25 cents a day in their pay. The company refused to deal with the union. The strikers prevented the company from shipping goods, and yesterday held up the company's coal pile. The local police were powerless. The company had to have coal or shut down. Consequently a message was sent to Montreal asking for military assistance. It arrived at Valley Field at 4:30 o'clock yesterday afternoon, and consisted of two companies of the Royal Scots. The embargo on the coal pile was promptly removed.

At dusk a big crowd, composed of strikers and their sympathizers, gathered near the Empire mill and began throwing stones through the windows and otherwise destroying property. The troops charged the mob with fixed bayonets. They were driven back. Eight of their number were wounded, two of them seriously. The strikers had fifteen men injured, one fatally.

Reinforcements were then asked for from Montreal.

SOUTHERN PACIFIC

VANDERBILT GETS CONTROLLING INTEREST IN IT.

GREATEST DEAL OF SEASON

FINANCIAL AND RAILWAY CIRCLES EXCITED.

NEWS OF THE SHOP AND RAIL

PENNSYLVANIA SEARCHING FOR COMMON LABORERS.

New York, Oct. 26.—The Times says: "The Vanderbilts have obtained control of the Southern Pacific system. Negotiations aiming at this accomplishment were begun two years ago but were summarily disposed of by C. P. Huntington. The property was his, he said; and, owning it he proposed to keep it. He wanted no alliances which could to any extent make him dependent upon interests other than those for which he himself stood. The death of Mr. Huntington, however, brought about a complete change in the situation. The control of the Southern Pacific system it can now be said, has been obtained by American financial interests not hitherto identified with the property. Conspicuous in the syndicate obtaining the new control are William K. Vanderbilt, E. H. Harriman, James J. Hill, Norman B. Ream, and James Speyer. With the past week Wall street became excited over the discovery that control of Mr. Huntington's Pacific Mail property had passed to E. H. Harriman and his associates, including James J. Hill and W. K. Vanderbilt. Explanations given much currency have aimed to represent that only Mr. Harriman had become controller, that Mr. Hill's interests and Mr. Vanderbilt's interests were relatively insignificant. However, this may be, it is certain that in the Southern Pacific deal, (whereby Vanderbilt interests will control) the corporation of the Pacific Mail Steamship company can be of vast interest. Aside from the Vanderbilt ambition to establish and maintain a transportation line from the Atlantic coast at New York to San Francisco and thence to the far east, made practicable by New York Central, Northwestern, Union Pacific and Pacific Mail, the taking over of the Southern Pacific is an accomplishment greater than any other coalition hitherto forecast. It is believed by practical railway managers that with the Southern Pacific railway system under a direct Vanderbilt control there will be at once a complete disposition of most of those elements which hitherto have been interfering with far western and southwestern traffic rates."

SPECIAL RATES GRANTED.

All the ticket agents in the city have received notice from their superior officers that special rates have been granted to this city on next Friday, November 2, the day upon which Candidate Stevenson will be here. Some of the roads will probably run special trains on that day and others will arrange to have extra cars on their regular trains for the accommodation of the many people who are expected to come to the city from the towns along their line of railway. The rate will be one full fare for the round trip.

NEED 100 MEN.

In reply to the inquiry, "What's the news?" E. G. Erieson, superintendent of maintenance of way of the Pittsburg, said this morning that the most important item with him was the fact that he was in need of 100 laborers and knew not where to get them. The company is laying double tracks in eastern Indiana and western Ohio and is anxious to push the work along rapidly while the weather is favorable. But laborers sufficient to do the work cannot be found.

J. P. Houser, a machinist employed in the Wabash shop, will go to Salem Center, Ind., tomorrow to remain over Sunday.

Mrs. D. W. Rhodes, wife of the well known Pennsylvania engineer, went to Chicago today for a visit with friends.

Dr. George Slater, of Stony Island, was the guest of his parents yesterday. He is a Nickel Plate surgeon at Stony Island.

B. F. Johnson, Harry Seibert, Joseph Michaels, Charles Meyers and John Smith are new employes at the Kerr Murray works.

After a few days' absence on account of an injured hand, A. Vilard resumed work in the Pittsburg blacksmith shop this morning.

W. H. Murphy, stationary fireman at the Pittsburg power plant, was called to Plymouth this morning. His father is lying very sick in that city.

Mr. and Mrs. C. Jerome are at Cleveland. His sister is lying at the point of death in that city and Mr. Jerome was summoned to her bedside yesterday.

General Superintendent Charles Watts, of the Pennsylvania company, passed through the city this morning on train No. 18, en route from Chicago to Pittsburg.

Mr. and Mrs. Thomas Potter have returned from Indianapolis, where they were visiting friends. Mr. Potter is a carpenter and is employed in the Pittsburg shops.

Conductor George McCormick, who had been sick, and Brakeman J. C. Stewart, who had been taking a short rest, returned to their duties on the Nickel Plate yesterday.

The annual dinner of the American Railway guild was given at Boston on Tuesday evening. Prominent railroad officials from all parts of the country were assembled.

Oliver Edwards, a boilermaker, has taken a position in the Pittsburg shops. He recently came here from Cleveland, where he was employed in the Cleveland Novelty works.

William E. Thompson, who formerly worked in the Nickel Plate freight house, has been transferred to road service and will be a fireman. He is out now "learning the road."

F. E. Todd and W. O. Miller returned to their duties on the Nickel Plate yesterday after being off a few days, the former on account of sickness and the latter on account of private business.

The Chicago, Burlington and Quincy offers a reward of $1,000 for the fustration of a train robbery, or for the capture or killing of the train robber. As a consequence the trainmen on that road go fully armed.

The Western Gas Construction company still employes a day and night force and the machinery in the works is in operation nearly all the time. Notwithstanding this big shop force the works are still overcrowded with orders.

John Roe, a Nickel Plate switchman had both legs cut off by being run over in the Bellevue yards yesterday. He cannot survive. Mr. Roe was sixty-five years old and well known to all the trainmen running in and out of that city.

President Burt, of the Toledo and Ann Arbor, states that the net revenue of the year ending June 30 would have been greater by $100,000 if the management had been able to buy supplies and employ labor at the same rates of previous years.

Engine 110, which was hauling freight train No. 73, on the Pittsburg, was derailed at Hamlet this morning by the spreading of the tracks. The tracks were blocked for awhile and train No. 18, the mail and express, was held thirty minutes.

Alex. B. Plough, for ten years vice president and general manager of the St. Paul and Duluth railroad, and previously with the Iowa Central, is at the point of death at his home in St. Paul, as the result of an accident two years ago on the Burlington road in Illinois. He was thrown through a car window when the train left the track, and it is now believed by his physicians that pieces of glass, which were not removed have penetrated far enough to cut important blood vessels.

The Pennsylvania will build three large passenger steamers for its Anchor line of boats and will compete for the lake carrying trade from Erie. If the experiment is a success other boats will be added and a shipyard on Lake Erie will be established.

The Chicago and Rock Island directory has issued an order that hereafter all the road's freight equipments shall be built at the company's shops at Horton, Kan. This not only includes all new freight equipment, but the repair and overhauling of all old freight cars. The past year 1,000 freight cars were built at these shops.

B. Volz, the car wheel roller, tried his hand at stove pipe juggling yesterday and at the same time assisted in moving his household goods from 69 Garden to 10 Hough street. Bob can handle a 700-pound car wheel as a professional ball player handles a ball, but he is not so successful with the refractory stove pipe. However, he passed through yesterday's ordeal with but little personal injury.

The fact that I. A. Sweigard, who, on Oct. 1, resigned as general superintendent of the Philadelphia and Reading, still retains his private office and has since his resignation been re-elected a director in various Reading corporations, is creating considerable speculation as to his future course. There are many who believe in the near future he will re-enter the service of the Reading.

Oscar Antz, who has been general foreman of the car department of the Lake Shore at Buffalo for twenty-seven years, was last week transferred to the position of general foreman of the locomotive department of the Lake Shore at Elkhart, Ind., and before leaving Buffalo he was presented with a handsome clock of oriental design by his associate employes. Charley Cross, formerly of this city, is master mechanic at the Elkhart shops.

A new device for the consumption of smoke given off by locomotives has been invented which is said to give entire satisfaction. It is claimed to be almost perfect, irrespective of the moving or standing position of the locomotive. The cost of equipping a locomotive with this device is about $25, and when a large engine is worked to its utmost capacity it is claimed a saving of 28,000 pounds of coal per month is effected.

SHE SETTLES WITH THE BANK

MRS. HART TURNS OVER MUCH PROPERTY.

Defaulter Schreiber's Lover Makes an Assignment of Valuables Given Her by Her Lover.

New York, Oct. 26.—The Elizabethport Banking company from which William Schreiber stole a little over $100,000 in two years, has made a settlement with Mrs. Annie Hart, upon whom much of the money was spent. By the terms of this settlement Mrs. Hart has made a general assignment to the bank of all of the property of which she was possessed, except the household furniture, her wearing apparel and so much of her jewelry as she can prove was not given to her by Schreiber. The property turned over included three horses and the carriages and paraphernalia going with them, jewels valued at about $15,000 and a few securities which the bank officers believe to be of some value. All of the property is valued at about $24,000.

In consideration of this assignment the bank has executed to Mrs. Hart a general release of any and all claims it has made against her.

NEWS FROM ALASKA.

Vancouver, B. C., Oct. 26.—The steamer Alpha has arrived from the north. Her passengers say that there is now little possibility of the completion of the Dawson telegraph line this winter. Very bad weather has been encountered and seventy miles of the wires have been overlapped. Between the two ends there is a high range of mountain over which there is several feet of snow and it is impossible to get through this in the winter time. James Eagnell, the oldest Hudson Bay factor in northern British Columbia, has been shot and killed by an Indian.
